

Monthly Newsletter

MOLINAROLI COLLEGE OF ENGINEERING & COMPUTING CAREER CENTER

◆
Dec 2024

Welcome to the Molinaroli Career Center newsletter! Our goal is to keep you updated as we support MCEC students in their transition from college to career.

Faculty/Staff Services

In your role as faculty or staff, chances are that students approach you with questions related to majors, finding internships, networking, graduate school, salary negotiation, or landing jobs. We are here to help!

Classroom Presentations

Our staff is happy to conduct presentations for your classes. We offer a variety of topics including career fair preparation, resume writing, interviewing, and other career-related topics by request.

Career Champion

As a Career Champion, you will play a vital role in guiding students to recognize the value of early career planning & informed decision-making. **More information to come in next month's issue.**

Meet Our Counselors

Anita Isaac and Casey Fox,

who are integral members of the Student Health and Well-Being team and have offices inside the Career Center. They offer both in-person and virtual appointment options specifically designed for current students enrolled in the MCEC.

With a strong emphasis on mental health, they understand its vital importance for overall well-being and academic success. They are available to support students as they navigate the challenges of their educational journeys. Students enrolled in the Molinaroli College of Engineering are encouraged to take an active approach to exploring their mental health needs with the help of our embedded counselors.

Meet the Staff

Ken "Coach Ken" Rucker

Olivia Barry
Career Development Coach Grad. Assistant
Master of Human Resources Candidate
barryo@email.sc.edu

Starting Next Semester

Workshop Wednesday! Every Wednesday at 1:00 PM, students can join us for an engaging series of workshops designed to elevate their professional skills and knowledge. Each week, we'll dive into a fresh topic related to career development, equipping them with the tools they need to shine in the job market. While the classroom location will be announced soon, the excitement is already building!

But that's not all! We're thrilled to introduce **Tuesday's Tip's**, a mini workshop/drop-in session where you can pop in, ask a quick question or seek advice on any career-related topic. Whether they have a burning question about interviews or need guidance on their resume, we've got them covered!

Please encourage your students to join us for these dynamic sessions where learning meets fun and take a proactive step towards their future success!

We understand that these times may not align with some students' schedules. However, they can always arrange a one-on-one appointment with a member of our office.

Workshop Topics Include:

- **Five Mental Health Tips for Interviewing:** Learn how to manage stress and present your best self.
- **Job and Internship Search Strategies:** Discover effective techniques to land that dream position.
- **Setting Up Informational Interviews:** Master the art of networking and gathering insights from industry professionals.
- **Creating a Standout Resume:** Craft a resume that catches employers' eyes and showcases your unique skills.

Student Health & Well-being

Our Counselor's provide consultations for all members of the USC community (including faculty, staff, students, family members and friends) who need help talking to or assisting a struggling student.
